MANGLED BODY IS TAKEN FROM PIT

Aubrey Claxton Killed By Tons of Earth Cave

Aubrey Claxton, 34, was crushed to death under tons of falling earth Thursday afternoon at 4:30 o'clock while working on a concrete box in a deep pit at the south end of the dam structure in the Wilson Ledbetter park.

Four other workmen with him escaped with their lives as they ran from the avalanche of falling earth that trapped and instantly killed their companion.

Claxton's body was taken from the pit five hours later when workmen completed a refill of the trench to make rescue work safe.

The body when found was badly broken and crushed. The left arm thrown across the face to protect the eyes, was broken and twisted at the shoulder. Both legs were broken and his neck had been snapped by the enormous crush of dirt. The ribs at the front of the body were torn from their setting and were lapped across the chest.

The head of the dead worker could be seen beneath the concrete form structure and debris.

Rescue work proceeded into the night, and in the gathering darkness laborers under direction of foremen threw back tons of earth against the east wall of the structure to prevent further cavings.

Claxton is survived by his widow and five children; his father and mother, Mr. and Mrs. Abe Claxton, three sisters, Vera Claxton, Mrs. Lucinda Gunn and Mrs. Carrie Gunn, and one brother, Frank Claxton.

Funeral services were held Saturday afternoon at the home of his mother with Rev. Walter L. Cannan of the Methodist church, conducting the services.

WITT IS WET AND ADVOCATES REPEAL

In reply to a recent letter addressed to him by Hon. Stuart R. Smith, a prominent attorney of Beaumont, making inquiry of him as to whether or not he was "wet" or "dry", Lieutenant Governor Edgar Witt, announced candidate for Governor made reply to Mr. Smith to the effect that he was not dodging this issue. "I am wet," said Mr. Witt, "if by that term you mean an advocate of repeal of State Constitutional Prohibition.

Further expressing himself in this letter, Mr. Witt said: "In my brief preliminary statement in announcing as a candidate for Governor, I went no further than to declare for the earliest possible submission of the matter of repeal to the people. The reason that I did not, in that statement, announce myself as favoring repeal was because I feared that, if I did so, this would detract attention from my position on economic problems, which I feel are so important at this time."

Continuing further Mr. Witt said that he would not only advocate submission of repeal to the people, but would vote for repeal when submitted. Mr. Witt's position on the matter is that prohibiton can not be enforced; that an attempt to do so will continue the boot-legger and the financing of a criminal element; and the liquor traffic should be regulated by counties, and that the State should get taxes from the traffic rather than the profits should go to the boot-legger.

NAMED CONSTABLE

Joe Lankford has been appointed Constable for Precinct No. 3 to succeed E. L. Miller who resigned. The appointment was made at the session of the Commissioner's Court Thursday.

Stanton Dossett Is Named Vice President Texas Young Demos

Burris C. Jackson of Hillsboro who is chairman for the Hill County Executive Committee, was elected permanent chairman of the convention. Mr. Jackson directed the National Campaign in the 6th District in 1932.

The Young Democrats in Fort Worth Saturday, after debate, recommended that no candidate who bolts may run on the primary ballot. In addition the convention passed a resolution declaring for repeal of the Dean dry law and also for repeal of that section of the constitution in Texas against manufacture and sale of intoxicating liquors. The young Democrats voted wet. Revision of tariff laws and scaling down of war debts to permit greater use of American cotton was also proclaimed.

The National Committee includes women in the organization and does not place restriction on age. The primary purpose is to enlist interest of the rising generation of Democrats in their party.

Mysterious circumstances surrounded three other deaths in the Hudgins family at about the same time, one on the day of the father-in-law's funeral. It is charged that poison was placed in flour at the Hudgins home. Shockley is pictured with C. E. Pipes, left, veteran Pampa peace officer.

ROBERTS ASKS SUPPORT IN APPEAL TO VOTERS

Luther Roberts, City Marshal and candidate for a second term in the run-off primary next Tuesday, February 27, in a statement to the people of Cameron urged the voters to go to the polls and asks their vote and support for him in the election:

"In this final word to the people of Cameron before the election next Tuesday, February 27, in which I am a candidate for re-election to a second term as City Marshal, I earnestly solicit your support, and I urge you by all means to go to the polls and cast your vote.

"I feel that the two years of my first term in office has been profitable in experience that would enable me to render better service during my second term. A second term would give me opportunity to improve my service and to correct the mistakes which always occur in the course of every public office. I feel I am better qualified than ever to discharge the duties of the office and I pledge the people I will leave nothing undone to serve them better.

"In asking for a second term I feel that my service in the future will in every way justify the time honored custom of two terms in office. I respectfully request the voters to vote next Tuesday. I am deeply grateful for all those who have helped me and if there be those with whom I have not discussed my race, I want them to take this as my personal appeal for their vote and support. I will always be grateful for your kindness and I assure each one of my friendship and co-operation."

ROBBERS CLEAN OUT ALL BANK MONEY

Leaving the building, furniture and fixtures, bank robbers otherwise cleaned out the Schwertner First National Bank in Williamson county early Wednesday morning.

Entrance to the vault was forced by torch flames. The robbers took every cent of cash in the bank together with securities valued at $6000. They left no clues.

Texas Rangers are assigned to the case. "They took everything," said F. T. Tegge, cashier.

Mr. Tegge said that the men did not leave a fingerprint that officers could find. A fingerprint expert has been summoned from Austin and will be in Schwertner to conduct an additional investigation.

No one knows how many participated in the burglary, although Mr. Tegge declares there must have been several. No trace of their car, the route they may have come or gone, or any other tangible clue remains.

The burglary was discovered by Mr. Tegge when he came to the bank at 8:45 a. m. The water cooler had been turned over. There were papers strewn everywhere.

The bank couldn't have opened Wednesday if Mr. Tegge had wanted it to. There wasn't any money left even for change.

Today is a holiday, so the bank will not be reopened until Friday morning, he said.

Sheriff Louis Lowe and Deputy McLaughlin from Georgetown, and Duputy Bill Bartlett from Bartlett and Constable Will Laughlin of Bartlett, were called by Mr. Tegge and investigated the burglary.

Car Thief Escapes After Attempt To Steal Deputy's Car

An automatic pistol found in a field where the night before a car thief made flight to escape officers, is all the clue now held leading to the identity of the man who made an unsuccessful attempt to steal Deputy Sheriff Will Vaughn's car.

On Thursday night the man drove the Vaughn car away from the home of Mr. Richter while the owner was visiting his sick friend. W. J. Brashear who was at the home accompanied Mr. Vaughn in the chase of the thief.

They followed the car out the Buckholts road. The thief turned on the Yarrellton road at Skeezix, hastily abandoned the car and made across a field. The pistol was found next day.

Woolley Loses In Contest For Wife Estate In Dallas

DALLAS—The contest over the estate of Dorothy Joynes Woolley, victim of the tragic shooting for which her husband, Toy G. Woolley, was tried and acquitted on a murder charge, has been settled out of court, attorneys announced today.

It was learned that Woolley himself will not receive any part of the estate, the residue going to Mrs. Woolley's mother, Mrs. Esta Joynes, of Cameron. The net assets of the estate will probably be $5,000, in addition to real estate, attorneys said.

Correction

In the last issue in reporting a suit in Justice Court which had been appealed to the County Court in which Fred McClaren had instituted proceedings, it was published that the suit was against McLane Company. This was an error. The suit was against the Cameron Ice & Cold Storage Company and not the McLane Company.

The case was tried Monday. The Cold Storage Company was given a verdict. The case was twice tried in Justice Evan's Court and Monday before Judge Kemp in the County Court.

WORK TO END MAY 1

BY REV. J. P. LOVE
Administrator

Congress has made an additional appropriation of $350,000,000, to continue the Civil Works Program until May 1st, but it is the plan to taper off this work by sending back into ordinary channels a large number of men each week. Reduction will be largest in the Southern States where farming activities are resumed earlier than they are in the northern parts of the country, consequently, Texas will receive very much of a cut in the next few weeks.

In Milam County a number of projects have been discontinued by orders from Washington through the Texas Relief Commission. These were known as government projects. Your Administrator is further advised that a large number of people must be taken off beginning with the week of February 23rd, and all those who have a working member in the family, whether on Civil Works or in any other line of employment, must be taken off. Another reduction will result from eliminating from the rolls all those who are owners of farm property and those who can farm on halves or third and fourth.

The amount of money that has been spent in Milam county through the Civil Works Administration alone from November 25, 1933 to February 15, 1934 is $100,861.00, which has practically all gone for labor. In addition to this, several thousand dollars has been spent for truck hire in various precincts in Milam county. The direct relief grants since January, 1933, have amounted to approximately $60,000.-00 all of which have been furnished from government funds. An additional $6,000.00 has been furnished and spent through the State Bond Issue, making a total disbursed in Milam county of $166,861.00.

The relief funds furnished by the government are exhausted and we must depend for relief on the sales of Texas Relief Bonds which are advertised for sale on February 20th. No more government funds will be sent in to Texas until the Legislature makes some provision for the sale of additional bonds.

Unless further funds are provided very shortly, through the sale of these bonds and government grants, there will no doubt be acute distress among those who have no member of the family who is able to work, and among those families where the members cannot find employment.

Vote!

On Tuesday, February 27 the run off primary election will be held to determine a nominee for City Marshal of Cameron for the Democratic Party. Citizens are urged to go to the polls and cast their ballots. The right of suffrage when expressed at the polls in full guarantees popular selection and it is the duty of every voter to register choice. The polls will open at 8 a. m. and close at 7 p. m.

ACREAGE CUT FOR 34 COTTON IS SUCCESS

A total of 60,872 acres will be taken out of production by cotton farmers in Milam county for 1934.

When the date closed here February 15 records in the office of Geo. Banzhaf, county agent, shows that 22,033 contracts had been signed. The agent expressed gratification over the co-operation he had received.

Mr. Banzhaf at present is distributing option checks to farmers on their 1933 co-operation with the government. These checks total about $90,000.

D. C. LEWIS, PIONEER BURIED AT BUCKHOLTS

D. C. (Pete) Lewis died at his home at Corinth Wednesday night February 7th. He had been in bad health for several months, and had been under the splendid care of Dr. Everett of Buckholts and Dr. Monroe of Cameron. The doctors had said he was liable to go at any time due to a very weak heart. However, it was quite a shock to everyone, because he was improving so nicely in other ways.

He was in Buckholts Wednesday afternoon greeting his many friends and was in the best of spirits. He went home late that afternoon and entertained his neighbor friends that had come to see him. They left about 9:30 and he retired for the night immediately. He and his wife were talking when finally he ceased to talk and a quick investigation revealed that he was breathing his last.

Mr. Lewis was one of the oldest settlers of this community, having been born here April 9, 1865, and had spent his entire life here.

He and Bettie Kinsel were united in holy wedlock Dec. 23, 1890. To this happy union eight children were born, four of which survive him: Mina, Grigg and Cravy, all of Corinth and Mrs. Hugh Powell of Ad Hall. He has five grandchildren. He is also survived by one brother, J. T. Lewis of Buckholts and one sister, Mrs. Ed Tompkins of Santa Monica, California.

Mr. Lewis was a Christian man having united with the Methodist church forty years ago. He exemplified the true Christian spirit in both private and public life and abode by the Golden Rule. His friends number his acquaintances and his loyalty to them was shown even to the end.

His many friends extend sympathy and friendship to the bereaved.

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may often do more harm than good.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly *safe*. Its laxative action is based on senna—a *natural* laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and neighbors and especially Drs. Everett and Monroe for their many kindnesses and their loyalty extended us during the illness and dearth of our beloved husband and father.

Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

TRUCK SALES INCREASE REPORTED BY CHEVROLET

DETROIT — Production of the new 1934 commercial cars and trucks by the Chevrolet Motor Company in January exceeded 23,000 units, with prospects that the same or a higher rate of output would be maintained in February, March and April, according to William E. Holler, general sales manager.

Sale of trucks at retail reported by dealers in the month just ended set a new high January mark in the history of the company, Mr. Holler added.

As an indication of the growing importance of the truck share of Chevrolet's total volume, Mr. Holler pointed out that in 1933 the company built 130,300 commercial cars and trucks, more than twice the number built in 1932 and the highest annual truck production since 1930.

Original projections for 1934 were considerably above the 1933 output, but the rate at which retail orders are being booked by dealers indicates that even the larger 1934 quota will have to be revised upward, Mr. Holler stated. He pointed out that of some thirty companies building trucks, the output of Chevrolet from the first of the year to date exceeded the total 1933 production of every other manufacturer, with but one exception.

"While a number of fleet deals were recorded in the January sales mark," said Mr. Holler, "the month's total included less than fifty trucks delivered to the federal government. Contracts awarded Chevrolet last month, calling for the delivery of several hundred trucks for various projects, will not be included in monthly reports until actual delivery is made.

"Our January sales seem particularl ysignificant to us because they furnish an index of the trend of general business. A truck represents a capital investment on which the investor expects a definite monetary return."

Gets $20 Tip

Pictured above is Eleanor Hanson, pretty Sonora (Texas) waitress who received a $20 tip from John J. Rascob, New York financier, when he ate in the cafe where she is employed. The story was published in many newspapers. E. L. Gaines, reading about it learned where his step-daughter was living and effected a reconciliation with his wife, Eleanor's mother, after five years' separation.

Pietro Arentino, wag and dirty mouthed poet, became one of the most influential men of Rome during the early part of the sixteenth century. His origin was a complete mystery. Upon being asked about it he replied: "I was born in Arezzo in a public hospital 'with the spirit of a king' and grew up in the gutter. My mother was a public woman and my father either a cobbler or a gentleman—I don't know which."

Former Soldier Held For Death of Two Granger officers In Court Room Killing Resisting Jail Sentence For $28 Fine

A former soldier of the World War, Louis Cernok, who learned his marksmanship in the army, turned the Justice Court Room in Granger into a shambles Thursday when he shot to death two officers and sent a hail of bullets at the Justice of Peace and a District Attorney of Williamson county.

Cernok resisted being placed in jail when he did not have money with which to pay a fine.

Henry Lindsay, 48, City Marshal of Granger, was shot through the heart and died immediately.

Sam Moore, constable, was shot through the leg, over the left eye and in the body from five or six bullets spurting in flame from the hip of the Maravian.

M. B. Colbert, assistant district attorney of Williamson County, and Justice of the Peace J. W. Nunn, barely escaped with their lives as four bullets were sent their way as they crouched behind tables and chairs in Justice Nunn's office, where the fireworks took place.

It all happened about 5:12 p. m. Thursday when Cernok, who worked on Mrs. Frank Simcik's place nine miles southeast of Granger, was brought to town by Constable Moore.

Moore did not search Cernock, who had been fined $5 and costs for disturbing the peace several months ago and had not paid his fine.

He was brought to Justice Nunn's office and was being taken by Moore and Lindsey to the city jail. He said he had never been to jail and would not go to jail just because he did not have money to pay the fine.

Pulled Out Automatic at Office Door

At the door he pulled an automatic from his pocket and shot Lindsay, who was outside on the sidewalk, through the heart. Lindsay was unarmed.

He wheeled at Moore, firing five or six times, each shot taking effect. No hope was held for Moore's recovery. Moore fired twice before he fell.

Nunn and Colbert ducked behind a table and tried to "talk" Cernok out of his shooting spree. Four bullets went at them, but none hit.

Several others were in the office, which is used as justice court and as cotton acreage reduction headquarters. It is in the rear of the Granger National Bank.

Reloads Pistol During Shooting

According to witnesses, Cernock had stood in the midst of the room and calmly reloaded his pistol during the shooting.

Cernock then walked into the street, lit his pipe, stuck the gun in his belt and strode down the street. Citizens who were on the street ducked inside, fearing another fusillade.

Meanwhile, however, a crown began to gather. It was estimated to have been eight minutes from the time the shooting began until N. L. (Jack) Taylor, city attorney of Granger, walked up to Cernok, as he passed in front of the Armstrong Lumber company, and said: "You shouldn't have done that."

Crowd Forms

A crowd of about 150 had formed, 25 with pistols, shotguns, and rifles.

CHEVROLET ANNOUNCES

a revolutionary new line of low-priced trucks

Bigger, huskier models feature an entirely new engine, giving increased power on less fuel than ever!

THE 1934 line of Chevrolet trucks—truck-built for truck service all the way through—feature the *Blue-Flame engine*—a great new development that will be welcomed by every truck buyer in America. Here are the remarkable facts: The new Chevrolet trucks are even bigger than last year's models—bigger in bodies, with stronger, heavier frames, huskier transmissions and rear axles, and larger brakes. They will deliver more power. They will haul bigger loads than ever. Yet, thanks to the new Blue-Flame engine, operating costs are actually lower than before—*and that means the lowest in the hauling field.* The net result of all these improvements is a line of trucks like no others on the market—the first to offer such a combination of big capacity, great power and unequalled economy.

Peace Theme World Day Prayer Held In Cameron On Friday

The World Day of Prayer observed last Friday by women of many nationalities throughout the world was centered around the idea of personal responsibility for World Peace. Cameron's service was led by Mrs. O. C. Acrey and participated in by women of all the churches.

The service stressed the effect of peace in the home as radiating to groups of larger extent and as essential to the accomplishment of Christ's plan of world brotherhood.

The interdenominational organizations sponsoring this annual day of prayer, have under their care four types of work—religious leadership among American Indians and imigrants, Christian union colleges in the Orient and literature in native languages of foreign people.

Boy Scout News

Troop 52 held its regular meeting Friday, February 16. The meeting was attended by 20 scouts, their scoutmaster, his assistant, a Com-Comitteeman and four visitors.

The assistant scoutmaster, Lewis Matula, had charge of the meeting. After the opening several important announcements were made. One was a bird box contest between the patrols. Other assignments are to be given to the patrol leaders at their patrol meetings during the week. Plans for a new patrol for the older boys were also announced.

The games were in charge of Junior Assistant Scoutmaster Frank Ermis, who reached into his bag of games and pulled out five snappy ones. After the games the standing of the patrols in the inter-patrol contest was read and the X Patrol was found to be the leading one by ten points.

The training course conducted by Troop 52 for its older boys was brought to a close with a hike Sunday. An advanced training course is expected to follow soon. The Junior leaders are now entirely in charge of the meetings and the results are very satisfactory. At the last meeting the Committeeman congratulated the boys on the improvement in discipline. This is due to a system of lining up for the games and also to the demerit system used in inter-patrol contest.

DIZZINESS

relieved by Black-Draught

"I decided to take Thedford's Black-Draught, as I had been having bilious spells," writes Mr. Charles E. Stevens, of Columbus, Ind. "When I get bilious, I feel sleepy and tired and do not feel like doing my work. It is hard to tell how I feel, but I do not feel good. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better — don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

Walter Wickstrom of Taylor, Texas, weighs 230 pounds, would make nearly two of his friend, Horace Majors of Hillsboro, who weighs a mere 128 pounds. The tall negro youth is Edward Jackson of Corsicana, and the little fellow is Leslie Harris of San Antonio.

New Variety Corn Goes To Garden and Pantry Clubs

Approximately 25 packages of a new variety of sweet corn, known as the Honey June sweet corn, is being distributed to Milam county garden and pantry demonstrators by Mr. P. C. Mangledorf, corn breeder from the Texas Agricultural Experiment Station at A. & M. College.

This variety of sweet corn is bred for Texas conditions by the experiment station. It was developed by converting Mexican June, a well known and adapted field corn variety, to sweet corn. Honey June is almost identical with Mexican June in every respect except the kernels are sugary instead of starchy.

In this new variety, Mr. Mangledorf has contributed a type of corn combining the good qualities of sweet and field corn.

1800 Trees and Vines To Increase Supply Fruit For County

Increased interest in producing the farm fruit supply is revealed in a report from 13 Home Demonstration Clubs, showing 465 fruit trees set out for home use during the month of February. Approximately 100 berry and grape vines and 380 strawberry vines set out.

The pruning of orchards and spraying of trees are well under way. Usually the dormant pruning is done to maintain a perfectly balanced tree that will be easy to spray and from which fruit may easily be picked, as well as stimulate growth. The pruning that a tree receives at the time of planting and during the next two or three years thereafter has much to do with its future.

County Cage Title Won By Thorndale

THORNDALE.—Thorndale won the county basketball championship in a fast and close game Tuesday night with Gause, class B winning team. The game was hard fought, well matched and was not won until an extra period was played with the winning score coming in the last part of that extra period. The final score was 22 to 21.

It was the 22nd victory for the Thorndale boys out of 28 games played, and was witnessed by approximately 400 fans.

Captain Clark and Rieger were offensive stars for the Thorndale group while Underwood and Critchfield carried the burden for Gause. Stelzer of Thorndale was the outstanding defensive star of the game. This diminutive guard stopped Gause shots consistently.
